Summary

I am a web developer with experience in building modern responsive web applications using front end technologies and frameworks. Experienced in problem solving and troubleshooting full stack applications.

Education

UNH Durham | Full stack coding bootcamp
A six month long full stack coding program covering HTML, CSS, JavaScript, nodejs, MySQL, GraphQL and React.

Technical Skills

Languages
- Frontend | HTML5, CSS3, Sass, JavaScript +ES6, JSX
- Backend | SQL, GraphQL
- Command line

Tools/Libraries
- React, Sass, Node, Materialize, Bootstrap

Version Control
- GitHub

Code Editor
- Vs Code

Experience

Coding Boot Camp
Student | Durham, NH | July 07, 2021 - December 04, 2021
- Built full stack web applications using modern technologies such as Node.js, React.js, TypeScript, and SASS.
- Fixed bugs and wrote stable reusable code.
- Designed, styled, tested and deployed full stack applications.
- Worked with APIs to create interactive user friendly front end web applications.
- Worked with team members to achieve technical goals within given deadlines.

Projects

Hungry Snake
Deployed site | https://cidoubleagent.github.io/hungry-snake/
Github repo | https://github.com/CIDoubleAgent/hungry-snake
- **Summary:** This solo project is a classic snake game in basic colors meant to be as simple to use as possible.
- **Role:** HTML structure, CSS design/implementation, Javascript implementation
- **Languages:** Javascript ES6+, HTML 5, CSS 3

Weather Dashboard
Deployed site | https://cidoubleagent.github.io/weather-dashboard/
Github repo | https://github.com/CIDoubleAgent/weather-dashboard
- **Summary:** A searchable-by-city weather app that displays the current Temperature, wind speed, humidity, UV index, and a five day forecast.
- **Role:** HTML structure, CSS design/implementation, Javascript implementation
- **Languages:** HTML 5, Javascript ES6+, CSS 3
- **Tools:** Open Weather API

California National Parks
Deployed site | https://cidoubleagent.github.io/California-National-Parks-List/
Github repo | https://github.com/CIDoubleAgent/California-National-Parks-List
- **Summary:** A mock-up of a landing page for a California parks website.
- **Role:** HTML structure, Sass design/implementation, Javascript implementation
- **Languages:** HTML 5, Javascript ES6+, Sass/CSS 3
- **Tools:** California National Parks API
